MEMORANDUM

SUBJECT: Review of Quality Assurance Project Plan (QAPP) for the "Quil Ceda Village (Wastewater Treatment Plant Effluent Monitoring Program)", prepared by The Consolidated Borough of Quil Ceda Village

FROM: Raymond Wu, QA Chemist *RW 4/10/07*
Environmental Services Unit, Office of Environmental Assessment
USEPA Region 10

TO: Martha Lentz, Hydrogeologist
Risk Evaluation Unit, Office of Environmental Assessment
USEPA Region 10

The review of the above referenced document has been completed. The QAPP was prepared by The Consolidated Borough of Quil Ceda Village following the content and format requirements of the EPA QA-R5 document "*EPA Requirements for Quality Assurance Project Plans*", March 2001. No significant deficiencies were noted. However, it is recommended that for NPDES purposes the footnotes and corresponding information in both tables 2-1 & 2-2 to reflect the citation of 40CFR 136.3. If you have any questions, please call me at (206) 553-1413.
